

Scartho Primary Care Centre

The Brief

To design, build and finance a 2780m² primary care centre, incorporating accommodation for a growing GP practice, CTP Community Nursing, CTP Mental Health team and a community pharmacy. The brief also includes the rebuilding of the Scartho Community Centre and refurbishment of the Grimsby Rugby Club.

Background

One Medical was awarded this project as a result of a competitive tender process. Scartho Medical Centre is a forward thinking practice and as such want to incorporate community services and offer additional services which they are not able to do in their current building.

The best possible site has been identified as the site of the existing Community Centre, so the residents of Scartho will not only gain improved primary care facilities but a brand new Community Centre and enhanced facilities to the existing Rugby Club

CAPITAL COST: £4.6m
START DATE: Autumn 2008
COMPLETION: Summer 2010

Construction Team:

Architects: QAD Architects
Project Managers: Spring & Co
