

Standish Medical Centre

Background

Dr Hans van Spelde and partners are currently operating from cramped and outdated premises. They required a new premises so they could increase the patient list from 12,000. One Medical was approached to find a suitable site and as such, acquired land on a prominent high-street location, just a few hundred yards from the existing practice.

CAPITAL COST: £2.2m
START DATE: July 2010
COMPLETION: April 2010

The Brief

Design, build and finance of a 1200m² integrated healthcare centre for a seven GP practice. The new centre will also incorporate a pharmacy and once complete will provide several new services including podiatry, minor treatments and dietary & counselling sessions. Construction will begin in the summer of 2010 and completion is due in Spring 2011.

Construction Team:

Architects: QAD Architects
Project Managers: Aspect 4
