The new One Medical website has been unveiled, log on and have a look at what we could do for you.

Cleethorpes Primary Care Centre opens

Leeds based actress Hayley Tamaddon (starred as Delilah Dingle in Emmerdale and appeared on Soapstar Superstar) showed her support for One Medical when she opened the flagship medical centre in Cleethorpes. The integrated care centre has opened its doors to patients following the completion of the £3.8 million development, designed by One Medical

Gill Woodward, Practice Manager, said: "We are delighted to be taking residence in the new St Hugh's Avenue site. We will now have the facilities to provide our patients with a wider range of services on their doorstep, rather than them having to travel greater distances to the local hospitals."

Full steam ahead!

Full planning permission has been granted to build a new £5 million integrated primary care centre on Westmoreland Street in Harrogate. Working in partnership with the practice partners, One Medical will design, build and finance the 3600m² development. The state of the art, purpose built centre will provide facilities for four existing Harrogate based GP practices, with a combined patient list of 30,000.

The centre will offer a range of services, including mental health and community nursing teams, community pharmacy, minor surgery and diagnostics. Work on the site will begin later this year, with the centre scheduled to open in summer 2009.

at the heart of healthcare developments

New bid win!

One Medical has been appointed to design, build and finance a combined usage development, which will include a primary care centre, in Scartho. One Medical will work in partnership with North East Lincs Care Trust Plus and the Mental Health Trust, to provide improved larger facilities for Scartho Medical Centre allowing them to offer more services to an increasing number of patients.
