at the heart of health care developments

one medical is a professional developer, fund provider for and investor in first class facilities and premises for the healthcare and primary care sector.

We bring together the best mix of public and private resources, experience and knowledge to deliver the ultimate solution to your healthcare needs, however big or small.

We work with you every step of the way, from initial conception to completion and beyond, ensuring your project is of the highest quality, best value and embraces the latest in design and technology.

Our experience spans all areas of the healthcare sector including:

- PFI
- PPP
- LIFT
- Non LIFT Primary care
- Medical centres and one stop shops
- Care and nursing homes
- Major NHS acute hospitals
- Private sector...

Across the UK

one medical deliver for you:

- tailor made solutions
- site finding & assembly
- asset enhancement
- favourable funding
- long term legal & financial protection
- cutting edge IT & technology
- income generating assets
- community regeneration

through:

- bespoke consultancy
- single point of responsibility
- innovative design
- cost effective construction
- professional project management
- sale & leaseback
- first class facilities management
- quality after care
